CHOICE

CHOICE GIVES YOU THE
POWER TO DIFFERENTIATE.

Life Fitness NZ offer a wide breadth of products for exercisers of all abilities. But we also offer other choices that allow a facility to evolve.

Facilities can choose cutting-edge experiences to keep exercisers entertained and engaged, or small group training solutions to excite and energise members. Aesthetic details like colour options and other customisation choices set a facility apart.

Life Fitness puts your brand first. We offer extensive consultation to guide you through the limitless possibilities and choices available for your facility. We're here to help you take the steps needed to transform your business.

TRANSFORMATION FOR FACILITIES AND EXERCISERS

Our calling is to encourage people around the world to reach their full potential, by providing the tools needed to create transformational workout experiences.

For nearly 50 years, Life Fitness has been dedicated to creating exciting and invigorating fitness solutions. These allow fitness facilities to succeed and let exercisers reach their full potential.

Our mission to keep people active started with the Lifecycle exercise bike and continues with the widest range of cardio, strength, accessories and group training products in the fitness industry.

Both facilities and exercisers benefit from our innovation and product development. We know that every facility has unique goals and we provide the tools and choices needed to reach them.

REFINING & REDEFINING AN INDUSTRY

Founded in 2007 and in over 80 countries, ZIVA believes in the constant pursuit of evolution in design, manufacturing, and business for the fitness industry. With this belief at our core, it's our imperative to commit ourselves to innovations that best equip all fitness environments with strong and beautiful training products.

ZIVA is redefining what a fitness club can and should be to stay competitive.

We design our collection of fitness products with the possibilities of what a club can become in our minds. Distinctive functional forms can change a space into an area people are drawn to. Our designers are dedicated to offering fitness clubs the best equipment in the industry. There is a fine line between success and failure in the fitness/wellness industry so we've designed and built a unique collection of premium fitness equipment.

ZIVA, The Way to Live

POWERFUL PERFORMANCE

The reputation of Hammer Strength has been built with steel, sweat and dedication.

Hammer Strength is the choice of professional athletes when they train at the highest levels, and it's relied upon by the top college and high schools around the world.

Hammer Strength is the number 1 option for elite athletes because it can take the pounding they dish out, and, most importantly, it's designed to provide results.

Hammer Strength isn't reserved just for professional training facilities or college weight rooms. Everyday athletes and those that like to train like professional athletes can benefit from the excellent biomechanical design in the same way that the pros do.

Hammer Strength isn't exclusive. It can be used to reach the fitness goals of anyone committed to putting in the hard work.

THE DESIRE TO INNOVATE AND INSPIRE RUNS THROUGH EVERYTHING THAT ESCAPE FITNESS DOES.

Escape Fitness is a leader in the fitness field, constantly looking to push the boundaries of what is possible and make the ordinary extraordinary.

Founded in 1998, Escape Fitness has built a reputation for product innovation, quality and design while growing and competing through great partnerships in multiple markets worldwide.

Escape has helped improve the bottom lines of over 1000 fitness clubs and key distributors in 80 countries. Committed to functional training, Escape works with clubs to deliver the best possible exercise experiences. The company encourages both fitness professionals and their clients to 'Escape Your Limits' - a mentality that is the foundation of every Escape Fitness offering.

DUMBBELLS

HAMMER STRENGTH POLYURETHANE DUMBBELL SETS

RACKS & RIGS

HD ATHLETIC

Heavy-duty racks and rigs that can be configured in nearly limitless combinations. The many HD Athletic options provide versatile and effective training tools for athletes of all levels. Modularity lets any facility build a unique and exciting performance small group training and HIIT area with rugged Hammer Strength equipment.

HD ATHLETIC RACKS

Hammer Strength racks are found in the world's top professional athletic training facilities. HD Athletic racks offer a wide range of configurations and add-ons to fit the training needs of exercisers at any level.

HD ATHLETIC RIGS

Build a rig system designed specifically for your fitness facility. HD Athletic rigs can be configured to cater to your training programs.

HD ATHLETIC PERIMETER

Versatile, space-saving systems that are designed to be placed along a wall to create open training spaces.

HD ELITE

RUGGED VERSATILITY

An HD Elite™ Rack is a fixture for any facility that puts a premium on performance.

It offers strength training for individuals, and it can be configured as a small group training area for exercisers who want to take the intensity of their group workouts up a notch.

Performance training with an HD Elite Rack creates an energetic environment that uses physical challenges and sweat to promote teamwork and camaraderie.

INFINITY

Premium commercial wall mounted, corner mounted, and freestanding modular functional storage systems.

S1: INFINITY ONE

Infinity One is a series of corner mounted single module stations that maximise versatility while minimising footprint. This series is designed for facilities with limited floor space and wanting to maximise training space.

SQUAT
ZFS-SQCR-8004

CABLE
ZFS-CSCR-8001

REBOUNDER
ZFS-RRCR-8005

S2: INFINITY TWO

Infinity Two is a series of wall mounted functional stations formed by the linking of two Infinity One modules. These transform poorly utilised wall space into robust training areas, while still functioning as all-in storage solutions.

REBOUNDER & UNIVERSAL
ZFS-INUN-7434

DOUBLE
ZFS-INUN-7406

SQUAT & UNIVERSAL
ZFS-INUN-7403

CABLE & UNIVERSAL
ZFS-INUN-7433

S3: INFINITY THREE

Infinity Three series offers all of the functional versatility of Infinity Two with the addition of Ziva's hard duty 3.3m suspension zone. This series is ideal for schools, gyms and fitness centres looking to effectively incorporate group training into underutilised spaces. Wall mounted or freestanding options are available in a variety of configurations depending on your specific requirements.

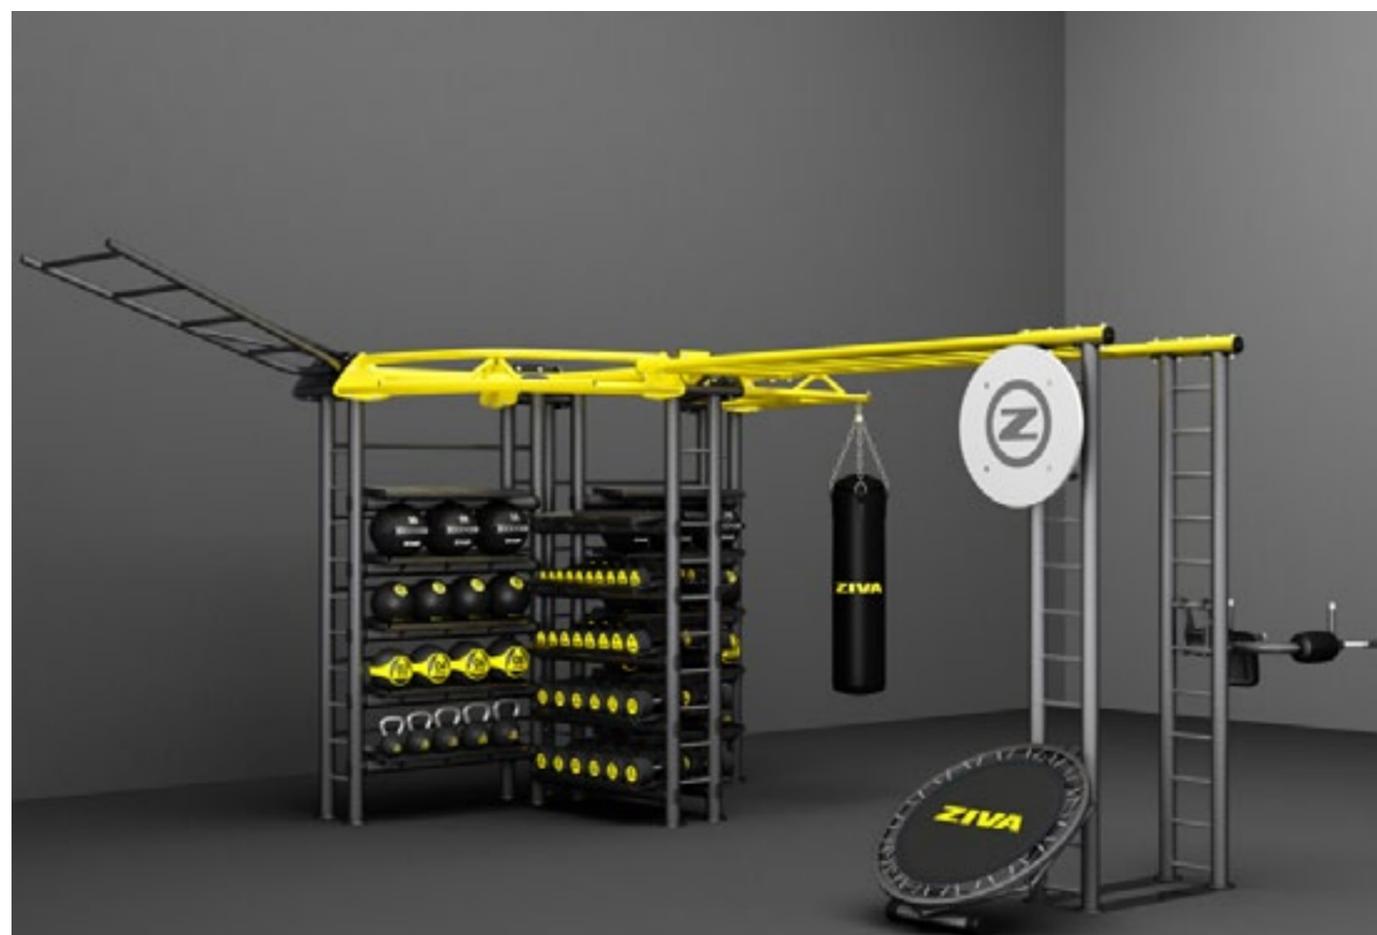

SAMPLE CONFIGURATIONS

REBOUNDER & UNIVERSAL
ZFS-INUN-7436

UNIVERSAL DOUBLE
ZFS-INUN-7410

S4: INFINITY FOUR

Infinity FOUR series builds on the Infinity THREE series with two to four additional training modules mounted to the suspension zone. Infinity FOUR is a large freestanding station, ideal for group training and classes in facilities with devoted functional training area. The multi training modules, the suspension zone and the integrated roofing system amount to a station which accommodated literally hundreds of exercise options and variations, making this the most capable series of the Infinity lineup.

We are more than fitness equipment suppliers

We believe that you should work with people who not only understand where you are coming from, but instinctively know what you need to take the steps to build and grow your business.

Utilise our expertise in the fitness industry to build your dream with world-leading equipment.

Take advantage of our **Commercial Design** service. We will design you a space that speaks to your commercial goals and is unique to you. We will work in partnership with you to maximise member impact and facility performance.

When you partner with us you're not only becoming a client, you're joining the Life Fitness team.

We carry an array of fitness accessories to compliment your facility. From equipment such as in this brochure, but also the full Life Fitness and Hammer Strength range. We also offer a range of flooring options from brands such as Pavigym, among others.

A simple phone call or email to one of our friendly and experienced team is all it takes to find out more information.

Talk soon.
